## WHAT THIS IS

The county sold the property above at tax foreclosure for more than the taxes owed. The difference, $36,742.21, was deposited with the Montgomery County Clerk of Courts instead of paid to the owner. It is still there. Under R.C. 2329.44 it is claimable, and nothing moves on it in OH until somebody files.

## WHAT WE DO

We prepare the claim, the affidavit and the document set, file them with Montgomery County Clerk of Courts and follow the file to payment. You sign two pages. We draft and file; we do not appear for you.

## WHAT IT COSTS

**$129 for the prepared packet.** This page, the county's own claim form filled in your name, the affidavit and the filing address, mailed to you today. You sign and send it in.

**$250 if we file it and chase it.** Same packet, and we file it with the county and follow it until the clerk pays. No percentage on either.

**Refund.** If we cannot file it, or the name is on no list, the fee comes back in full.

To open the file, sign and return this page. On the $250 rung it is filed the day it lands.
