WHAT THIS IS

The county sold the property above at tax foreclosure for more than the taxes owed. The difference, $42,915.53, was deposited with the Montgomery County Clerk of Courts instead of paid to the owner. It is still there. Under R.C. 2329.44 it is claimable, and nothing moves on it in OH until somebody files.

WHAT WE DO

We prepare the claim, the affidavit and the document set, file them with Montgomery County Clerk of Courts and follow the file to payment. You sign two pages. We draft and file; we do not appear for you.

WHAT IT COSTS

$250 records fee at signing. It covers the register search, the title print, the skip trace and the notary. It is earned when this file is delivered, not when the claim files, and it is separate from the percentage below.

25% of what is recovered. Nothing recovered, nothing owed on the percentage.

Refund. If we miss the date we put in writing, or the name is on no list, the $250 comes back in full.
